About this Tribute Book

This is the second year that we have created this Tribute Book. We hope you enjoy reading through it and seeing just how exciting a group of women we have here at MGH! And remember – what is published here is only a sample of all the many accomplishments of women faculty.

How was this information compiled?

All entries were sent by the women faculty themselves. We sent out an email to all women faculty asking to hear about their achievements for the year 2002. A form was attached to the email and we asked for it to be completed and returned to us. In addition, we asked all Department Chairs to encourage the women in their departments to share their successes with us. What appears in this Tribute Book is what was sent back to us, as long as the achievement occurred in the year 2002.

How did we get the names of the women faculty at MGH?

The Harvard Medical School is the source of all of our data on faculty at the MGH. Some of the women on the list may not be physically at the MGH, but their faculty appointment originates here and that is why they are included.

How do we know who was promoted in 2002?

If the Harvard Medical School or the hospital departments let us know there was a promotion that was effective in 2002, it is included.

It is certainly possible that there are some errors or omissions in this book. We apologize in advance for any oversights or inadvertent mistakes.

Thank you to all the people who shared their information with us. We are honored to be able to celebrate all of their wonderful achievements in science and medicine.

Most sincerely,

Rebecca Starr, MBA, MSW

OWC Staff and contact information

MGH created the Office for Women's Careers (OWC) in March of 1997. Since then, OWC's mission was, and continues to be, to facilitate the career advancement of women faculty. In addition to working to increase the number of women promoted on academic criteria and increasing the number of women faculty in leadership positions throughout the hospital, OWC strives to celebrate the accomplishments of women. Hence, every year the office puts on a reception to honor all of the women who had special achievements during that year. This is our 6th annual reception to honor women's achievements at MGH!

Clafin Distinguished Scholar Awards for 2002

Jane Clafin

In 1993, The Women in Academic Medicine Committee, originally chaired by Mrs. Jane Clafin, was established to facilitate the academic careers of women in science at MGH. Recognizing that a significant obstacle to career advancement was the difficulty of maintaining research productivity during the child-rearing years, this committee, with the sponsorship of ECOR, established the Clafin Distinguished Scholar Awards. The purpose of these awards is to provide bridge

funding for junior faculty to sustain research productivity during the child-rearing years. It is intended that this transitional funding will increase opportunities for women to advance to senior positions in academic medicine.

Awards are for two years, with a maximum of \$30,000 in direct costs per year.

Out of 24 applicants in the year 2002, the following seven women were chosen as the recipients of the Clafin Distinguished Scholar Awards.

Marie Classon, PhD

Instructor, Department of Medicine

"Functional Analysis of Retinoblastoma (RB) Family Members – Implications for the Role of RB as a Tumor Suppressor"

Judy W. Hung, MD

Instructor, Department of Medicine/Cardiology

"Mechanism and Therapy of Ischemic Mitral Regurgitation"

Robyn S. Klein, MD, PhD

Instructor, Department of Medicine/Infectious Disease

"The Role of CXCR4 in Lymphocyte Trafficking into the Central Nervous System"

Gina R. Kuperberg, MD, PhD

Instructor, Department of Psychiatry/Neuroscience

"Language Dysfunction in Schizophrenia: The When and the Where"

Andrea Reid, MD

Instructor, Department of Medicine/GI Unit

"Access of African Americans to Liver Transplantation"

Rochelle Paula Walensky, MD, MPH

Instructor, Department of Medicine/Infectious Disease

“The Impact of Prevention and Treatment Interventions on the HIV Epidemic in Africa”

Sabine Wilhelm, PhD

Assistant Professor, Department of Psychiatry

“Generalization of therapeutic changes in obsessive-compulsive disorder”

Below is the list of women who have been chosen for the Clafin Distinguished Scholar Awards in past years:

2001

Marina Feschenko, MD

P. Ellen Grant, MD

Shyamala Maheswaran, PhD

Corrine K. Welt, MD

2000

Mary McNaughton-Collins, MD, MPH

Linda R. Duska, MD (*one-time Faculty Development Award*)

Elizabeth Hohmann, MD

Tongwen Wang, PhD

Honors and/or awards received in 2002

Marylyn M. Addo, MD, PhD

Instructor, Department of Medicine/Infectious Disease

Travel grant recipient, 9th Conference on Retroviruses and Opportunistic Infections, Seattle

Keystone Symposia Scholarship, "HIV-1 Protection and Control by Vaccination"

Young Investigator Award, International AIDS Conference Barcelona

Travel grant recipient for the 40th Annual Meeting of the Infectious Diseases Society of America (IDSA), Chicago

Meredith August, DMD, MD

Assistant Professor, Department of Oral and Maxillofacial Surgery

Appointed as a scholar in The Academy at Harvard Medical School

Became a co-chairman for the American Board of Oral and Maxillofacial Surgery Examination Committee

Xandra O. Breakefield, PhD

Professor, Department of Neurology

Elected Treasurer of American Society of Gene Therapy

Nadia Carlesso, MD, PhD

Assistant Professor, Department of Medicine

Member, American Association for Cancer Research (AACR)

Member, Small Animal Users Working Group at MGH

Journal Referee, Leukemia

Journal Referee, Cell Growth and Differentiation

National Granting Agency Referee, NIH ad hoc reviewer in the Experimental Therapeutics Study Section II

Linda M. Delahanty, MS, RD

Instructor, Department of Medicine/Endocrine/Diabetes Center

Mary P Huddleson Award from the American Dietetic Association;

Most important contribution to the field of nutrition in the Journal of the American Dietetic Association

Appointed to Board of Editors-Journal of the American Dietetic Association

Patricia K. Donahoe, MD

E. Tessa Hedley-Whyte, MD, MB, BS

Professor, Department of Pathology/Neuropathology

Appointed as a Scholar in the Academy, Harvard Medical School

Esther Jacobowitz Israel, MD

Assistant Professor, Department of Pediatrics

Best of Boston in Pediatric Gastroenterology

Karen Kuhlthau, PhD

Assistant Professor, Department of Pediatrics

2002 Child Health Services Research Award, Academy for Health Services and Health Policy

Bonnie T. Mackool, MD, MSPH

Instructor, Department of Dermatology

Recognized as Top Doctor in Boston Magazine, February 2002 Issue

Elected to the Managed Care Committee, Massachusetts General Hospital Physicians Organization (MGPO)

Anna Moore, PhD

Assistant Professor, Department of Radiology/Center for Molecular Imaging Research

Junior Faculty Award from American Diabetes Association

Kathryn J. Moore, PhD

Assistant Professor, Department of Medicine, Lipid Metabolism Unit, Endocrine Division

Harvard University Nominee, Pew Scholars in the Biomedical Sciences Award

May C.M. Pian-Smith, MD, MS

Instructor, Department of Anesthesia and Critical Care

Elected to a 3-year term to the Joint Committee on the Status of Women (JCSW) of Harvard Medical School and Harvard Dental School

Serving on the Subcommittee for Programs, JCSW

Laurel Raftery, PhD

Assistant Professor, Department of Dermatology/CBRC

Elected to North America Drosophila Board

Nancy A. Rigotti, MD

Associate Professor, Department of Medicine

Elected President of the Society for Research in Nicotine and Tobacco, an international society of tobacco control researchers

Received the Innovation in Medical Education Award of the Society of General Internal Medicine, for pioneering the training of physicians, students, and health care professionals about smoking cessation methods

Received a William B. Cahan Distinguished Professor Award from the Flight Attendants Medical Research Institute

Christine N. Sang, MD, MPH

Assistant Professor, Department of Anesthesia

Elected to the Board of Directors, American Pain Society

Appointed as a Founder, and elected to the Steering Committee, Neuropathic Pain Institute

Appointed to the Steering Committee, Fifth and Sixth International Conferences on the Mechanisms and Treatment of Neuropathic Pain

Associate Editor, Current Pain and Headache Reports

Visiting Professor, University of Washington School of Medicine, Department of Anesthesiology

Stephanie Beth Seminara, MD

Assistant Professor, Department of Medicine/Reproductive Endocrine Unit

Editorial Board, Journal of Clinical Endocrinology and Metabolism

Julie K. Silver, MD

Assistant Professor, Department of Physical Medicine and Rehabilitation, Spaulding Rehabilitation Hospital

Will Solimene Award for Excellence in Medical Writing from the American Medical Writers Association for my book, Post-Polio Syndrome: A Guide for Polio Survivors and their Families (Yale University Press)

Shamsah Sonawalla, MD

Assistant Professor, Department of Psychiatry

NARSAD (National Alliance for Research in Schizophrenia and Depression): Young Investigator Award

Nancy J. Tarbell, MD

Professor, Department of Radiation Oncology

Elected to the National Academy's Institute of Medicine

Elected to the MGPO Board of Trustees

Ann-Marie S. Thomas, MD

Microinjection of Sugars: A Novel System for Long-Term Preservation of
Human Oocytes: \$50,000/yr. for 1 year*

Other significant professional accomplishments

Marylyn M. Addo, MD, PhD

Instructor, Department of Medicine/Infectious Disease

*Member of the Partners AIDS Research Center Website Editorial Board
Ad-Hoc Reviewer for Journal of Infectious Diseases.*

Ad-Hoc Reviewer for AIDS Human Research and Retroviruses.

Invited Speaker – “HIV-1 regulatory and accessory proteins: neglected targets for CTL in HIV-1 infection,” KAAD-Symposium, 9th Munich AIDS Conference, Munich, Germany.

Keynote address “Antiretroviral therapy in developing countries: Harvard Consensus Statement,” 9th Munich AIDS Conference, Munich, Germany.

Invited speaker – “Role of the regulatory and accessory proteins for HIV-vaccine development,” NIH Symposium on Regulatory and Accessory Proteins.

Invited speaker – “What HIV does in the body,” Journalist To Journalist training program, National Press Foundation, Barcelona, Spain.

Invited speaker – “Whole genome analysis of HIV-1 specific cytotoxic T lymphocyte (CTL) responses on single epitope level in different groups of HIV-1 infected individuals,” 14th International AIDS Conference, Barcelona, Spain.

Invited speaker – “Evaluation of Correlates of Protection in HIV-1 infected individuals spontaneously controlling plasma viral load in the absence of antiretroviral therapy,” 40th Annual Meeting of the Infectious Diseases Society of America, Chicago.

Sylvie Breton, PhD

Assistant Professor, Department of Medicine/Renal Unit

Ad Hoc Reviewer – NIH Center for Scientific Review, Urology Special Emphasis Panel, ZRG1 Urology 01 Study section.

Reviewer – National Science Foundation.

*Board Member – American Journal of Physiology: Renal Physiology
“Transepithelial transport in the epididymis and vas deferens: luminal acidification and water balance,” Center for Research in Reproduction, University of Virginia (Dr. Suzanne M. Moenter).*

“Intracellular trafficking of the vacuolar type H+ATPase in the epididymal epithelium,” Third International Conference on the Epididymis, Charlottesville, Virginia (Drs. Terry Turner and Barry Hinton).

“Luminal acidification in the epididymis for the maturation and storage of spermatozoa,” “PHYSIOME,” 70th Meeting of the French Canadian Physiological Society, Quebec, Canada (Dr Eric Rousseau).

“Regulation of proton secretion in the epididymis and vas deferens via active recycling of the vacuolar H⁺ATPase,” Program in Membrane Biology Annual Symposium, MGH (Dr. Dennis Brown).

Nadia Carlesso, MD, PhD

Assistant Professor, Department of Medicine

Selected Presentation – “Notch signaling accelerates S-phase entry through regulation of p21cip and p27kip levels,” EMBL/Salk/EMBO Conference on Oncogenes and Growth Control: Signaling and Cancer. Heidelberg, Germany.

Oral presentation. “TNF α modulates Jagged2 and Notch expression in the bone marrow microenvironment,” International Society of Experimental Hematology, Montreal, Canada.

Oral presentation – “Notch1 promotes cell cycle entry by decreasing the Cdk inhibitor p27kip1.” National Conference of Biochemistry, Lisbon, Portugal.

Poster – “Notch 1 and Jagged2 expression in the bone marrow microenvironment are modulated by inflammatory stimuli in vitro and in vivo.” American Society of Hematology, Philadelphia.

Merit Cudkowicz, MD, MSc

Associate Professor, Department of Neurology

Invited to present opening plenary talk at the international ALS motor neuron disease symposium; Melbourne, Australia.

Ivana Delalle, MD, PhD

Instructor, Department of Pathology

Appointed Associate Pathologist to the Affiliate Staff in Pathology in Neuropathology Unit at BWH/CH.

Patricia Donahoe, MD

Professor, Department of Pediatric Surgery

*Chairman, Scientific Advisory Board, St. Jude Research Hospital.

MASSACHUSETTS GENERAL HOSPITAL

Founded in 1811, the Massachusetts General Hospital (MGH) is the third oldest general hospital in the United States and the oldest and largest in New England. The 875-bed world-renowned medical center offers sophisticated diagnostic and therapeutic care in virtually every specialty and subspecialty of medicine and surgery.

The MGH conducts the largest hospital-based research program in the United States, with an annual research budget of more than \$300 million. It is the oldest and largest teaching hospital of Harvard Medical School, and nearly all of the hospital's active staff physicians are on the Harvard Medical School faculty.

The MGH is the largest nongovernment employer in the city of Boston, with more than 16,000 employees.
